ABOUT PEOPLE YOU KNOW.

Some Are Serving in the Navy, Some Are
Illinois Farmers, But All Are Ken-
tuckians By Birth or Descent.

Frank Kash is now in Joplin, Mo., and
will probably spend the summer in Illi-
nois.

James Hill, formerly of Maytown but
now of Edgar county, Illinois, is getting
along well.

Wigfall O'Hair, the "Whistling Billy"
of the Sucker State, is buying cattle in
Canada. During the past year he han-
dled over 10,000 head of live stock.

Carl Kash of Ezel is working for D.
C. James, formerly of Hazel Green but
now in Coles county, Illinois. Carl is a
good boy and working like a Trojan.

"Pon my eis word and honor" if Dave
James ain't the same old Dave. Like all
Kentuckians he is taking care of himself,
whether it be in a fight or a footrace.

Mesdames Eveline O'Hair and Alice
Frazier will make a visit to Kentucky
soon to see their mother, Mrs. Caroline
Swango, who is reported in feeble health.

Fayette James and his boys have 155
acres of land in cultivation. Not long
since Fayette's neighbors gave his wife a
surprise birthday dinner, but owing to
the busy season only 124 people came.
Tables were set all over the yard and
everybody brought his own grub-stake.

Charley Trimble, of Trimble Bend,
and one of the Catron boys, are on the
battleship Oregon. They enlisted about
a year ago at San Francisco, and went
with the pride of the navy around the
Horn, a distance of about 14,000 miles,
and are now in service at Santiago de
Cuba.

Say, Cooper, why don't you charter a
dugout and send a corps of correspond-
ents to the seat of war? On board THE
HERALD Dugout Schooner would sound
well, and when Supple Jack and Plucky
Bill paddled before Morro Castle those
wiley Dons would fly to the woods or
join McGinty. THE HERALD has done
yeoman service both at home and abroad,
notably in France and other parts of the
Continent, and it is not too late to serve
Uncle Sam yet. By all means launch a
pair of your ready quill pushers on the
next tide. Don't christen the "Schooner"
with a bottle of champagne and have a
big blowout like Uncle Sam; just have a
"dinner on the ground," and sprinkle
her with hard cider. Uncle Samuel,
always appreciative of small favors, will
no doubt vote you his thanks and fur-
nish you with shoulder straps and buck-
lets, besides grub-stake you for the cam-
paign. By all means launch her on the
next tide. The thank tank is full and
the people want the news, the whole
news, and nothing but the news.
ROVER.

The Best War News.

The Louisville Courier-Journal is now
publishing the fullest, most accurate and
most reliable war news of any paper in
the south or west. It is devoting all its
energies to making a reputation for its
war reports, and is certainly succeeding
admirably. The Courier-Journal has
subordinated all other issues to that of
the war. Politics, money, civil service,
the tariff—all are out of it now. The
war is the one topic discussed by the
people, and they want the news of it
fresh and accurate. The Courier-Journal
realizes this, and it is supplying the de-
mand as no other paper can do.

The Twice-a-Week Courier-Journal
prints the cream of the daily news. It
is issued Wednesday and Saturday. The
price has recently been cut from \$1 to
50 cents a year, making unquestionably
the cheapest, as well as the best, paper
published anywhere. You get 104 six
or eight-page papers for 50 cents.

By a special arrangement, the Twice-
a-Week Courier-Journal and THE HER-
ALD will be sent one year for only 80
Cents. Subscriptions under this offer
must be cash, and must invariably be
sent through THE HERALD office.

Old papers 20 cents per hundred.

A MADISON MAIDEN,

Formerly of Wolfe County, Writes of the
Berea Commencement, a Birthday
Party and Dinner, Etc., Etc.

RUTHTON, Ky., June 15, 1898.

Dear Editor and HERALD Readers: I
will try once more to write. This being
my birth-day I will celebrate it by writ-
ing to the dear old HERALD, which I
receive every Friday as a welcome vis-
itor from dear old Wolfe county. I must
say we are having some awful dry weather.
If the drouth sets in this early peo-
ple will perish. While I am writing I
will tell of a birth-day dinner I had the
pleasure of enjoying on June 10th at
Mr. Squire Moberly's. It was a surprise
to him. He was in the field plowing
when neighbors and relatives went in
with baskets of good things to eat. He
said he was surprised indeed when he
saw them all and thought they were com-
ing to his burial. He received several
presents, one being a nice watch. They
had dinner plenty and plenty left. One
hundred and four ate dinner. He was
sixty-eight years old.

I guess all the boys have enlisted in
the army. Some have enlisted here and
gone. But they are singing, "No place
like home with me, where mother's voice
can cheer."

We are anticipating on having a basket
supper for the benefit of our church
and Sunday-school.

Mr. and Mrs. William Vencil are very
poorly, not able to do any thing. Mrs.
John C. Elswick still continues low with
grip and pneumonia, and Newton, her
son, is suffering from neuralgia.

Fruit is scarce in this locality. Scarce-
ly any peaches and not but few apples
and other fruit.

I wish some of the H. G. A. boys and
girls were here to attend the Berea com-
mencement on the 22nd. I will close my
uninteresting letter and wonder what I
will be doing twelve months from today.
With love to the kind editor and many
charming readers, I say success to one
and all.
ROSA B. ELSWICK.

Joshua Elam, an old and respected
citizen of the Wheelrim fork of Johnson,
Magoffin county, died Sunday at the age
of 76 years. He was a good citizen, a
consistent member of the Baptist church
for many years, and leaves a large prop-
erty, among whom W. R. Taulbee, one
of our worthy citizens, who is his grand-
son.

J. Morton Swango accompanied Mrs.
Nannie Kash to Estill county last week,
and is spending a short season at that
famous watering place, Estill Springs.

For Mothers!

The discom-
forts and
dangers of
child-birth can
be almost en-
tirely avoided.
Wine of Cardui
relieves ex-
pectant moth-
ers. It gives
tone to the gen-
ital organs, and
puts them in
condition to do their work
perfectly. That makes preg-
nancy less painful, shortens
labor and hastens recovery after
child-birth. It helps a woman
bear strong healthy children.

McELREE'S Wine of Cardui

has also brought happiness to
thousands of homes barren for
years. A few doses often brings
joy to loving hearts that long
for a darling baby. No woman
should neglect to try it for this
trouble. It cures nine cases out
of ten. All druggists sell Wine
of Cardui. \$1.00 per bottle.

For advice in cases requiring special
directions, address, giving symptoms,

tanooga, Tenn.

Mrs. LOUISA HALE,
of Jefferson, Ga., says:
"When I first took Wine of Cardui
I had been married three years, but
could not have any children. Nine
months later I had a fine girl baby."

Lacy Creek Links.

Jim Tibbs visited his brother W. R.
Tibbs one day last week.

W. R. Tibbs bought two steer calves
from Clarence Trimble for \$25.

Tom Wilson and wife of Stillwater
were on Lacy creek Friday last.

Mrs. Willie Tibbs visited her sister
Mrs. Brice Nickell one day last week.

W. C. Perkins sold John Brown 12
head of yearling calves at \$20 a head.

C. S. Samples visited the bedside of
his sick mother and reports her critically
ill.

Nannie L. Samples visited her cousin
Maggie Rose from Wednesday to Sun-
day.

S. G. Samples tells the biggest squirrel
story I ever heard. He says that on last
Saturday he killed 15 squirrels, two
young crows and a half-grown wild cat
on what is known as the Banks ridge of
Stillwater. W. D. Proffit and Melvin
Brewer say they know it to be a fact.
June 19. FREEBOOTER.

Stillwater Sparkies.

Weasel killing is all the go this dry
spell.

J. N. Chambers is quite low with fever
at this writing.

Hilt Dean went into the examination
Friday and Saturday to try for a certi-
ficate to teach school.

John Moore, who has been in the Lou-
isville jail for 90 days for selling liquor,
has served his time and come back
home.

The Democratic convention went off
quietly, the 16th, by instructing for
Kinsolving alone, and the county con-
vention did the same.

Prof. G. B. Rose, who holds a first-
class certificate to teach school, is ex-
pecting to hang up his papers for this
year on account of not being able to se-
cure any school to teach.

'Squire John Rose came over to J. N.
Chambers' on the 11th and tried two
cases against Elisha Chambers for breach
of the peace on C. W. Miller, and one
against his son. All came clear.

C. W. Miller, the champion lawing
man, who has lawed all the Chambers
family, got judgment in the Quarterly
court last week in one case for \$7.00 and
costs, got beat in one, and got two con-
tinued.

Mrs. Ella Murphy was visiting at her
father's, C. O. Cardwell, on the 11th,
and was accompanied home by Misses
Malvie Smith and Maud Cardwell. They
attended the big meeting on Grassy, and
report a large crowd and plenty to eat.

Stillwater is a flourishing little stream.
It has five school districts, three of which
have first-class and two have second-class
schools, and we think the trustees ought
to look to the interest of the little bright
eyed boys and girls instead of some child
of theirs getting a fee as assistant and
destroying the interest of the school.

The school trustees on this creek are
about to take the pudding and the pie
both. When one's family furnishes a
teacher the other furnishes an assistant,
and they divide the money. It makes
no difference with them whether the as-
sistant is needed or not. If they are not
careful the next grand jury will investi-
gate their cases for bribery.

Charley Buchanan returned Friday
from Danville, where he participated in
the annual alumni festivities and had a
very enjoyable time. There were 150
old pupils, from the maiden of sweet
sixteen to the octogenarian. Charley
delivered two addresses in the sign lan-
guage, and "made a hand" at the ban-
quet, which was an elegant layout.

Call at this office and get a sample copy of the Courier-Journal. And, under this offer, remember that you send the money to THE HERALD.

The war situation is but little different as to important features than one week ago. The insurgents under Gen. Aguinaldo have succeeded in capturing hundreds of Spanish soldiers near Manila and they have pitched their tents just outside the city. The Spaniards, both soldiers and citizens, desert in great numbers to the insurgents, chiefly because there is nothing to eat in their own lines. It is now believed that Manila will surrender in a few days, because starvation will compel the action.

The Cadiz fleet has sailed from Spanish shores, but this fact gives but little concern as it is of no consequence as a fighting armament. It sailed only to give confidence to the foolish mob in Spain that still believes that success is possible to Spanish arms.

Gen. Miles has said that the force of troops needed will soon be supplied, and immediately after these troops are mobilized at their respective places real war will begin, and that all points needed by us will be captured. And perhaps after this is done we will send a fleet to old Spain.

The fighting at Santiago de Cuba is kept up daily, but nothing decisive has occurred. Cervera's fleet is yet undamaged and the city is still in the hands of the Spaniards. When all the bonds have been sold, then will Cuba be captured and the remnant of the poor Cuban reconcentrados may receive some attention.

The marines at Camp McCalla have had several days' rest from the attacks of the Spaniards, and with the aid of the Cubans in the vicinity they are comparatively safe. Cubans found the bodies of 48 Spaniards believed to have been killed in Friday's fight. Lieut. Anderson, under a flag of truce, carried a letter for the Spanish officer now held as a prisoner by the Americans. He dined with the captain of the Spanish gunboat Santioval, and reported on his return that field pieces and new batteries are being erected around Caimanera. The Spanish troops appear to be happy, in condition,

and anxious for a fight. Insurgent General Castillo says there are 12,000 troops at Santiago, 12,000 at Manzanillo, and 5,000 at Holguin, and as many more along the lines of railroad entering Santiago.

The expedition under Gen. Shafter arrived at Santiago Monday. It will take several days, however, to land the army and get it in shape for aggressive action, but important developments are expected very soon. The government believes the Spanish troops at Santiago are in no condition to offer serious resistance to the Americans. They lack provision and have but little ammunition.

The news of the resignation of Gen. Augusti at captain general of Manila has greatly depressed Premier Sagasta. It is announced in Madrid that the fall of Manila will not mean the abandonment of Spanish authority in the Philippines. A stand will be made on such of the islands as remain loyal to Spain. Sagasta is reported as saying he does not expect the interference of Germany. What is believed to be an American troop ship was passed by the steamer Yuen Sang Tuesday evening, and there is little doubt that the first expedition of reinforcements for Admiral Dewey have reached their destination. A rich native has presented Aguinaldo with a ship which now flies the flag of the Philippine republic.

The rumor here is that Fitzpatrick carried Floyd, Pike, Johnson, Elliott, Knott, Magoffin, and has a disputed delegation in Menefee and Morgan with Kinsolving, who of course has the instructions of Montgomery county. White carried Estill and Lee, and Powell was captured by Pollard. Garner goes in with Clark and second instructions from several counties. It looks like Fitzpatrick might be nominated on the first ballot, but failing in this, his position is precarious. The convention at West Liberty today will have settled the matter, however, before this paper reaches the hands of many of its subscribers, and the proceedings will appear in our next.

HAZEL GREEN PRECINCT

Shows Garner as First Choice, Kinsolving Second, Sublett Third, and Pollard Fourth.—Harmony Prevails.

Pursuant to a call of the Democratic Committee of this (Tenth) Congressional District for precinct meetings in the various counties composing the district, on June 16th, to select delegates to the county conventions to be held in the several county seats on June 18th, for the purpose of selecting delegates to the Congressional convention to be held at West Liberty, June 23rd, to nominate a candidate for Congress in said district, the Democrats of Hazel Green precinct, No. 2, met in G. B. Swango's storeroom at the time specified and proceeded to business.

In the absence of the precinct chairman John M. Rose called the convention to order, and on motion, Dr. J. A. Taulbee was elected chairman. The Chair addressed the convention, stating its object, and insisted upon fairness. James R. Word was elected secretary.

Nominations being declared in order, Lindsay Ware nominated John E. Garner; Rollin Kash, H. B. Kinsolving; Judge Swango, D. D. Sublett; George Byrd, O. H. Pollard; and Arbury Brooks, Banford White.

On motion of Rollin Kash it was agreed that each candidate should have his individual strength as determined by a division of the voters, and be so represented at the county convention at Campton on the 18th.

The Chair called for a division, and appointed the following tellers: Judge Swango, D. S. Godsey, John M. Rose and Curtis Quick-sall, who reported as follows: Sublett, 14; Kinsolving, 16; Pollard, 4; Garner, 19.

On motion of Henry Pieratt, the representatives of each candidate were allowed to select their own delegates to the Campton convention, and the following delegates were announced: For Kinsolving, Rollin Kash and J. D. Rose; Garner, A. T. Brooks and Lindsay Ware; Sublett, D. S. Godsey and G. B. Swango; Pollard, Wm. T. McNabb and Dave Linden.

The meeting then adjourned sine die. J. A. TAULBEE, J. R. WORD, Sec'y. Chm'n.

We are taught that before the great and notable day of the Lord shall come that there shall be wars and rumors of wars with signs and wonders in the earth. We have the wars and the rumors of more to follow, with wonders everywhere, and we hear and read of meteors falling and flashes of light appearing in various parts of the country. It might be well for us to cast up our accounts with Lord occasionally and see how we stand.

Look at the date after your name on this paper and see if you are a subject of the X-rays which in another part of the paper is focused upon our delinquents.

Rev. Jas. R. Word will preach at Pine Grove Sunday morning at 10:30 o'clock.

Mrs. Wallin, the illness of whom we mentioned last week, we are glad to say is convalescing.

The low round trip rate over the L. & E. next Sunday will induce many of this county to visit Cincinnati.

There will be the usual services at the Presbyterian church Sunday at 11 a. m. and at 7:45 p. m. Everybody invited.

Mrs. Catron, wife of W. C. Catron of Pomeroyton, died Thursday last of inflammation of the stomach and bowels.

Oscar Fallen has moved his family and stock of goods to Daysboro, where he occupies the Ambrose Nickell property.

CURE rheumatism by taking Hood's Sarsaparilla, which by neutralizing the acid in the blood permanently relieves aches and PAINS.

Dr. John Taulbee requests all those who enlisted to go to Cuba with him to report to him at once so that he may know just who, and how many, he can rely upon.

Mrs. Nannie Kash and her two sons, Willie and Robert, left last Thursday for Estill county to hear the funeral of Mrs. Kash's mother preached Sunday on Hardwick's creek.

Harvey Chenault, notice of whose condition appeared in our columns last week, died on Friday afternoon and was buried Saturday at the Holderby place. A wife and several children survive him.

Mr. & Mrs. John Evans left yesterday morning for Frozen and Jackson, respectively, where they will visit friends, and Mr. Evans will combine business with pleasure by doing some clerical work for Walter Day at the former place.

Lung soreness is a forerunner of serious trouble. If you feel the slightest indication, Dr. Bell's Pine Tar will allay the inflammation and prevent further progress of the disease. It is the most efficient means of curing coughs, colds, and bronchial affections found in the annals of medicine.

XXXXXXXXXXXXXXXXXXXX
If there is a cross-mark on your X paper this week, or next, or at any time, it is a gentle reminder that X your subscription is due and unpaid and that we will appreciate X your early attention to the matter. XXXXXXXXXXXXXXXXXXXX

We acknowledge the receipt of a very handsome invitation to the commencement exercises of the Kentucky College of Medicine, Louisville, Ky., and note with pride that Silas Kash is among the list of graduates. He has diligently studied and deserves a diploma as large as a sheepskin, which we hope he will receive.

Johnny, the little colored boy which Judge and Mrs. G. B. Swango are raising, has been confined to his bed for ten days or so with a bad case of fever, but he is receiving every attention and bids fair to recover soon. Mrs. Swango is at his bedside and ministering to his every want with a devotion that would put to shame that of many a mother.

Mrs. Maggie Kash, the milliner, asks all of those who are indebted to her for millinery to come at once and pay her, as they promised to do. Her husband, Dr. Silas Kash, has been at considerable expense in finishing his course at the Kentucky College of Medicine, and to meet this and other obligations she must have all that is due her, and hopes she may not have to make a second appeal.

HELD UP ON RED RIVER HILL.

Isaac Short Has a Thrilling Adventure With a Would-Be-Highwayman.

Isaac Short, who was returning from Johnson last Sunday afternoon, had quite an exciting experience. As he was crossing Red River hill he was accosted by a man who inquired if he was a traveling man. Isaac answered that he was, whereupon the fellow demanded his pocket-book, at the same time drawing a pistol. Isaac said, "Well, give me time to get it," and pulled from his pants pocket his large barlow knife with his right hand, while with his left he seized the fellow by the wrist and told him he would kill him if he moved. The robber being a larger man than Isaac, however, wrenched loose and ran for dear life. He described the man as being dark complected with a black mustache, and was told by one of the Wilsons, who lives this side of the attempted robbery, and to whom he was relating the circumstance, that the would-be-robber was one of two men who had been in that neighborhood with "a talking machine," and who had given his name as Wadkins. The description tallies exactly with that of one of two men who recently passed through Hazel Green with a phonograph.

Curt Lacy, who told us of the affair, says that Isaac told him he was scared nearly out of his boots when the fellow demanded his money and drew his pop, but that he had no idea of forking over without a fight. But the other fellow chose a footrace.

It is a pity that Isaac didn't arrest him and take him before a justice of the peace.

A PAINFUL ACCIDENT.

Mrs. Kash Nearly Loses An Eye From a Stray Particle of Paris Green.

Mrs. S. B. Kash met with quite a painful accident Friday last, and one that came near ruining the sight of her left eye. While engaged at her sewing machine some particles of Paris green were blown from the top of a clock onto her head, but was unnoticed at the time. A little later she was walking in the garden when something struck her in the eye and rendered her sightless, with added suffering. She groped her way to the house, bathed the eye in cold water and then in cream, but found no relief. Becoming alarmed lest she should be blind and wild with the excruciating pain, she dispatched a messenger for her mother-in-law, Mrs. Dr. Mason Kash, who turned down the lid and discovered the green slimy poison. This she brushed away and continued to bathe the affected part in cream until her patient's condition was somewhat ameliorated. While thus engaged she discovered the poison in her hair, and an investigation developed the facts related above. Mrs. Kash is all right now, but Saturday she kept her head swathed in a wet towel and Sunday the eye was still slightly discolored.

Where'er You Go, On Land or On Sea.

To illustrate the fact that THE HERALD may be found all over the habitable globe we append an extract from a letter of Charley Swango's to his mother, and received here Monday night. It speaks for itself:

"I went out to see Thos. Nickell and as I rode down the street on my wheel saw a paper spread over some flowers and at another glance saw 'The Hazel Green HERALD,' which was of course sufficient proof that some old Kentuckian occupied that property, and upon investigation found it to be Nickell. They are very nice people and are very much interested in the war, having one son on the battleship Oregon."

Go where you will, on sea or on land, and a copy of THE HERALD you'll find on hand; you find it in Arizona, in California by chance, and then you cross the waters and you'll find it in France.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. BECAUSE WE ADVERTISE.

You ask what makes our business move In such a wondrous way, Or why it is that customers come And throng our store each day? 'Tis not a secret that we'll keep, 'Tis not a great surprise, The magic of the problem is— BECAUSE WE ADVERTISE.

Ever since the day we opened Our Cheap Cash Racket Store We've been as busy as can be, We could not ask for more. Our customers are satisfied, We do not shut their eyes; The magic of the problem is— BECAUSE WE ADVERTISE.

Remember that J. Taylor Day, The farmer's true friend, With his bright clerks within the store, Will all your wants attend, With cheap cash prices in the lead, We will the world surprise: The magic of the problem is— BECAUSE WE ADVERTISE.

This motto still we revel in, And at the fountain drink, For our success in by-gone years Is due to PRINTER'S INK.

Taulbee-Kelly.

The sweet peals of wedding bells were heard in Mt. Sterling last Wednesday night. The contracting parties were James H. Taulbee, a leading physician of this place, and Miss Annie Kelly, one of Montgomery's fairest flowers.

This is a union of devoted hearts, for the love that has made them one can not be measured by any rule, bounded by any limit or sounded by any plummet.

Dr. Taulbee is a son of former Congressman W. P. Taulbee, and possesses much of his lamented father's modesty and genius. Miss Kelly is the daughter of Mrs. Hannah Kelly of Mt. Sterling, and is a lady of rare attainments and much beauty.

Hundreds of friends join the Democrat in sweetest felicitations, and may the pathway of Doctor and his bonny bride be strewn with richest roses, a wilderness of carnations and exotics as beautiful as ever adorned the abode of mythological gods.—Bath County Democrat.

Mrs. Judge Swango reports the loss of 75 chickens Friday night last, and while they may have been taken by varmints she inclines to the belief that they were stolen by some "brute." They were just at that interesting age when an introduction to the frying pan would have made them popular in the family circle, and more's the pity.

The new paper on the walls and ceiling of the Christian church is just lovely and gives to the church quite an inviting appearance. One of the wide-awake, progressive, Godfearing members of the Methodist church has offered to donate the paper for a like adornment of its walls and ceiling. The work of papering and painting will likely be done next month.

A Shattered Nervous System.

FINALLY HEART TROUBLE.

Restored to Health by Dr. Miles' Nervine.

Dr. EDWARD HARDY, the jolly manager of Sheppard Co's. great store at Braceville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nervine. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

THE MAD DOG BUGABOO.

Eminent Physicians and Scientists Insist That There Is No Such a Thing As "Hydrophobia."

Apropos of the mad dog scare at this place Saturday morning last we publish the following on the subject, and in the original article, of which the following is only a synopsis, a strong array of evidence is adduced to back up the argument. Notably, out of 6,668 patients bitten by angry dogs, not one case of "hydrophobia" resulted. Hospital records disprove the bugaboo, also, but it will be a hard job to convert some people to that idea, notwithstanding.

In the June Ladies' Home Journal Edward W. Bok writes on "The Bugaboo of the Mad Dog," quoting a number of authorities to show that there is no such disease as "hydrophobia," and inquiring if "it is not time, therefore, in view of these indisputable facts, that we should give ourselves a little more freedom from this bugaboo of the mad dog? What the newspapers so essentially report as cases of 'hydrophobia' are, in reality, nothing more nor less than instances of people who have been bitten by dogs and frightened into hysterical conditions in which they involuntarily reproduce all the supposed symptoms of 'hydrophobia.' It is a pity that our newspaper editors cannot have a more careful regard for the feelings of women during the summer months and agree to suppress the reports of cases supposed to be 'hydrophobia.' They make the public mind nervous, and do more to spread the silly notion of a belief in 'hydrophobia' than anything else. Women have had their feelings played upon long enough by this foolish notion of 'hydrophobia,' and enough unnecessary suffering has been inflicted upon the dog, who is often killed for nothing but a popular fallacy. It is high time that common sense should rule: that we should believe the fact that there is no such thing as 'hydrophobia,' and rid ourselves of this bugaboo of the mad dog."

LEITER IS NO LONGER KING.

After a Brilliant But Brief Career on Chicago 'Change He Collapses.

Joseph Leiter, the young Napoleon of finance, who for a year was the greatest grain speculator the world ever saw, has at last gone to the wall. He made millions of mechanics, laborers and other non-producers pay exorbitant prices for necessities of life, or rather the necessary—bread, the staff of life—if they ate wheat bread—and not one of these will mourn his fate. On the other hand his greed was the farmers' gain—those who had grain to sell. But his beneficiaries were so few that it is safe to say the multitude are glad he was mulcted. Below is a synopsis of his speculations:

Entered field April 2, 1897.
First purchase, 100,000 bushels at 70¢.
Cheapest purchase, 500,000 bushels, June, 1897, 64¢.
Highest price reached May 10, 1898, \$1.85.
Largest line carried at any one time, 35,000,000 bushels.
Total wheat exported, 25,000,000 bushels.
Leiter's profits up to ending May deal, \$5,500,000.
Closing price May 30, \$1.26.
Cash wheat held by Leiter same date, \$6,000,000 bushels.
Price paid for same \$1.25 to \$1.80.
Closing price cash wheat June 13, 1898, 85¢.
Leiter's losses on cash wheat, \$4,020,000.
Leiter's losses on July and September futures, \$2,000,000.

A Correction.

SPENCER, KY., June 18, 1898.—Spencer Cooper—Dear Sir: I noticed in the last issue of your paper that Drs. Duerzon and Cox of Mt. Sterling had extracted a portion of the ball from my cheek, which is a mistake. Dr. N. F. Pierce my family physician was first summoned, and later on Dr. J. B. Spratt of Camargo was called, and still later they had Dr. Drake and Dr. Shirley of Mt. Sterling called, and succeeded in extracting about one-seventh of the ball from my left temple. The remainder is still in my head and don't appear to give me any trouble. You will please correct the above in your next issue.

Respectfully yours,
WILLIE L. DAY.

After a drouth we have just had a good rain. Crops are good and so is the health. Well, Uncle Remus, I would love to see something from you in every week's HERALD. I was at Mary's yesterday. They are all well and doing well. Her maiden name was Mary E. Harper. Can you tell me what has become of little Harve Harper?

J. B. Lykins says he is going to subscribe for the dear old HERALD, for it will give him all of the news from his old home on Caney creek, Morgan county, Kentucky.

Well, Charley, I love to read your letters from Daysboro.

I had fried roasting ears for dinner.

Well, I will close, hoping THE HERALD will soon find its way into the homes of every one who ever lived in the mountains of old Kentucky. Yours truly,

Nelson's Hawaiian Hair Elixir.

This is to certify that we handled Nelson's Hawaiian Hair Elixir for ten months, and can truthfully say that the sale of it is phenomenal. We have sold ten times as much of it as of all other hair preparations combined, our sales amounting to over 600 bottles, seven other drug stores in the city handling it at the same time. We consider it by far the best hair preparation on the market.

Best price for cattle, \$4.75.
Top price for calves, \$6.50.
Top price of hogs, \$3.95.
Best sheep brought \$4.75.
Best lambs brought \$6.40.

The above were actual sales, but it should be borne in mind that they represent the best of their class on the market that day. THE HERALD will each week give the best sales of the Friday before, which is alone worth the price of the paper. NOW is the time to subscribe.

Some Plain Facts.

Grave errors, injustice, wrongs of greater or less degree, arise from lack of knowledge of the truth, and more frequently from deception.

The most infamous case on record of deception and injustice is the attempt to demonize silver as a money of final redemption in the United States.

There is no learned judge, skilled lawyer, or court of justice that is capable of reconciling the effort with the constitutional laws that govern the issue of money in this country.

The people have been deceived, officials in power, chosen to administer justice under the laws, have ignored their sworn duty, and given aid to the scheme that has paralyzed industry, reduced property values one-half, and beggared millions.

There is no authority of law, either specific or by inference, by which gold alone is made the only money with which to discharge debts, either public or private. The effort to make it so is unconstitutional and a national calamity.

Plain and ample information, facts, and truth, concerning this almost successful scheme to corner the wealth of the people, is now being printed in the Cincinnati Enquirer, a newspaper which the combined power of money has failed to muzzle or buy.

The Weekly Enquirer is only 75c. a year. The address is
